### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

If on skin: Wash with plenty of water. If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If exposed or concerned: Get medical advice/attention. Specific treatment (see supplemental first aid instruction on this label). Do NOT induce vomiting. If skin irritation occurs: Get medical advice/attention. If skin irritation or rash occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. Wash contaminated clothing before reuse. In case of fire: Use media other than water to extinguish. Store in a well-ventilated place. Keep cool. Store locked up. Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation.

2.3. Other hazards which do not result in classification

### No additional information available

irritation or rash occurs: Get medical advice/attention.         First-aid measures after eye contact       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy do. Continue rinsing. If eye irritation persists: Get medical advice/attention.         First-aid measures after ingestion       : Do not induce vomiting. Call a physician immediately.         4.2.       Most important symptoms and effects (acute and delayed)         Symptoms/effects after inhalation       : Although no appropriate human or animal health effects data are known to exist, this materia expected to be an inhalation hazard.         Symptoms/effects after skin contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after eye contact       : Eye irritation.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	3.2.	Mixtures	
4.1.       Description of first aid measures         First-aid measures general       : Call a physician immediately.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing.         First-aid measures after skin contact       : Rinse skin with water/shower. Remove/Take off immediately all contaminated clothing. If skin irritation or rash occurs: Get medical advice/attention.         First-aid measures after eye contact       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy do. Continue rinsing. If eye irritation persists: Get medical advice/attention.         First-aid measures after ingestion       : Do not induce vomiting. Call a physician immediately.         4.2.       Most important symptoms and effects (acute and delayed)         Symptoms/effects after inhalation       : Although no appropriate human or animal health effects data are known to exist, this materia expected to be an inhalation hazard.         Symptoms/effects after skin contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.       SectroN 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	Not appli	cable	
First-aid measures general       : Call a physician immediately.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing.         First-aid measures after skin contact       : Rinse skin with water/shower. Remove/Take off immediately all contaminated clothing. If skin irritation or rash occurs: Get medical advice/attention.         First-aid measures after eye contact       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy do. Continue rinsing. If eye irritation persists: Get medical advice/attention.         First-aid measures after ingestion       : Do not induce vomiting. Call a physician immediately.         4.2.       Most important symptoms and effects (acute and delayed)         Symptoms/effects after skin contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after skin contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.       SecctION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	SECTIO	ON 4: First-aid measures	
First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing.         First-aid measures after inhalation       : Rinse skin with water/shower. Remove/Take off immediately all contaminated clothing. If skin irritation or rash occurs: Get medical advice/attention.         First-aid measures after eye contact       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy do. Continue rinsing. Most important symptoms and effects (acute and delayed)         Symptoms/effects after inhalation       : Although no appropriate human or animal health effects data are known to exist, this materia expected to be an inhalation hazard.         Symptoms/effects after eye contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.       SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	4.1.	Description of first aid measures	
First-aid measures after skin contact       : Rinse skin with water/shower. Remove/Take off immediately all contaminated clothing. If skin irritation or rash occurs: Get medical advice/attention.         First-aid measures after eye contact       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy do. Continue rinsing. If eye irritation persists: Get medical advice/attention.         First-aid measures after ingestion       : Do not induce vomiting. Call a physician immediately.         4.2.       Most important symptoms and effects (acute and delayed)         Symptoms/effects after inhalation       : Although no appropriate human or animal health effects data are known to exist, this materia expected to be an inhalation hazard.         Symptoms/effects after eye contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.       Seccrify the stinguishing media         Seccrify the stinguishing media       Suitable (and unsuitable) extinguishing media	First-aid	measures general	: Call a physician immediately.
irritation or rash occurs: Get medical advice/attention.         First-aid measures after eye contact       : Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy do. Continue rinsing. If eye irritation persists: Get medical advice/attention.         First-aid measures after ingestion       : Do not induce vomiting. Call a physician immediately.         4.2.       Most important symptoms and effects (acute and delayed)         Symptoms/effects after inhalation       : Although no appropriate human or animal health effects data are known to exist, this materia expected to be an inhalation hazard.         Symptoms/effects after skin contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after eye contact       : Eye irritation.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	First-aid	measures after inhalation	: Remove person to fresh air and keep comfortable for breathing.
do. Continue rinsing. If eye irritation persists: Get medical advice/attention.         First-aid measures after ingestion       : Do not induce vomiting. Call a physician immediately.         4.2.       Most important symptoms and effects (acute and delayed)         Symptoms/effects after inhalation       : Although no appropriate human or animal health effects data are known to exist, this materia expected to be an inhalation hazard.         Symptoms/effects after skin contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after eye contact       : Eye irritation.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	First-aid ı	measures after skin contact	: Rinse skin with water/shower. Remove/Take off immediately all contaminated clothing. If skin irritation or rash occurs: Get medical advice/attention.
4.2.       Most important symptoms and effects (acute and delayed)         Symptoms/effects after inhalation       : Although no appropriate human or animal health effects data are known to exist, this materia expected to be an inhalation hazard.         Symptoms/effects after skin contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after eye contact       : Eye irritation.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	First-aid ı	measures after eye contact	: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.
Symptoms/effects after inhalation       : Although no appropriate human or animal health effects data are known to exist, this material expected to be an inhalation hazard.         Symptoms/effects after skin contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after eye contact       : Eye irritation.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	First-aid	measures after ingestion	: Do not induce vomiting. Call a physician immediately.
expected to be an inhalation hazard.         Symptoms/effects after skin contact       : Irritation. May cause an allergic skin reaction.         Symptoms/effects after eye contact       : Eye irritation.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	4.2.	Most important symptoms and effect	ts (acute and delayed)
Symptoms/effects after eye contact       : Eye irritation.         Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	Symptom	ns/effects after inhalation	: Although no appropriate human or animal health effects data are known to exist, this material is expected to be an inhalation hazard.
Symptoms/effects after ingestion       : Risk of lung edema.         4.3.       Immediate medical attention and special treatment, if necessary         Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	Symptom	ns/effects after skin contact	: Irritation. May cause an allergic skin reaction.
4.3. Immediate medical attention and special treatment, if necessary         Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1. Suitable (and unsuitable) extinguishing media	Symptom	ns/effects after eye contact	: Eye irritation.
Treat symptomatically.         SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	Symptom	ns/effects after ingestion	: Risk of lung edema.
SECTION 5: Fire-fighting measures         5.1.       Suitable (and unsuitable) extinguishing media	4.3.	Immediate medical attention and sp	ecial treatment, if necessary
5.1. Suitable (and unsuitable) extinguishing media	Treat syn	nptomatically.	
	SECTIO	ON 5: Fire-fighting measures	
Suitable extinguishing media · · · · · · · · · · · · · · · · · · ·	5.1.	Suitable (and unsuitable) extinguish	ing media
Suitable extinguishing media . Water spray. Dry powder, i ban. Babbin dioxide.	Suitable	extinguishing media	: Water spray. Dry powder. Foam. Carbon dioxide.
Unsuitable extinguishing media : Do not use a heavy water stream.	Unsuitab	le extinguishing media	: Do not use a heavy water stream.

Fire hazard : Flammable liquid and vapor.	Fire haza	ard	: Flammable liquid and vapor.
04/10/2024 EN (English US) 2	04/10/202	4	EN (English US) 2/7

# Safety Data Sheet

Explosion hazard	: No direct explosion hazard.
Reactivity	: Flammable liquid and vapor.
5.3. Special protective equipment and	d precautions for fire-fighters
Firefighting instructions	: Fight fire from safe distance and protected location. Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefighting	: Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.
SECTION 6: Accidental release mo	
	equipment and emergency procedures
General measures	: Stop leak if safe to do so. Notify authorities if product enters sewers or public waters. Absorb spillage to prevent material-damage.
6.1.1. For non-emergency personnel	
Protective equipment	: Wear recommended personal protective equipment.
Emergency procedures	: Ventilate spillage area. No open flames, no sparks, and no smoking. Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapors/spray.
6.1.2. For emergency responders	
Protective equipment	: Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".
Emergency procedures	: Evacuate unnecessary personnel. Stop leak if safe to do so.
6.2. Environmental precautions	
Avoid release to the environment.	
6.3. Methods and material for contain	iment and cleaning up
For containment	: Absorb spilled material with sand or earth. Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Stop leak, if possible without risk.
Methods for cleaning up	: Take up liquid spill into absorbent material. Notify authorities if product enters sewers or public waters.
Other information	: Dispose of materials or solid residues at an authorized site.
6.4. Reference to other sections	
For further information refer to section 13.	
SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Additional hazards when processed	: Not expected to present a significant hazard under anticipated conditions of normal use.
Precautions for safe handling	: Ensure good ventilation of the work station. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Ground/bond container and receiving equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Flammable vapors may accumulate in the container. Use explosion-proof equipment. Wear personal protective equipment. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapors/spray.
Hygiene measures	: Wash contaminated clothing before reuse. Contaminated work clothing should not be allowed out of the workplace. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2. Conditions for safe storage, inclu	uding any incompatibilities
Fechnical measures	: Ground/bond container and receiving equipment.
Storage conditions	: Store in a well-ventilated place. Keep cool. Keep container tightly closed. Store locked up.
Packaging materials	: Store always product in container of same material as original container.

## SECTION 8: Exposure controls/personal protection

8.1. Control parameters

## BERGAMOT OIL (89957-91-5)

No additional information available

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### 8.2. Appropriate engineering controls

Appropriate engineering controls

Ensure good ventilation of the work station.Avoid release to the environment.

#### 8.3. Individual protection measures/Personal protective equipment

#### Personal protective equipment:

Environmental exposure controls

Wear recommended personal protective equipment.

#### Hand protection:

Protective gloves

Eye protection:

Safety glasses

Skin and body protection:

Wear suitable protective clothing

#### **Respiratory protection:**

[In case of inadequate ventilation] wear respiratory protection.

#### **SECTION 9: Physical and chemical properties** 9.1. Information on basic physical and chemical properties Physical state : Liquid Color : YELLOW, GREENISH-YELLOW, GREENISH-BROWN LIQUID OUTER PART OF FRESH BERGAMOT PEEL Odor · Odor threshold No data available pН : No data available No data available Melting point Freezing point : No data available Boiling point : No data available Flash point : 57 °C Relative evaporation rate (butyl acetate=1) : No data available Flammability : Not applicable. Vapor pressure : No data available Relative vapor density at 20°C : No data available Relative density 0.878 (0.86 - 0.879) Solubility : Insoluble. Partition coefficient n-octanol/water (Log Pow) : No data available Auto-ignition temperature : No data available : No data available Decomposition temperature Viscosity, kinematic : No data available Viscosity, dynamic : No data available **Explosion** limits : No data available : No data available Explosive properties Oxidizing properties No data available 9.2. **Other information** VOC content : 46.2 % Refractive index : 1.466 (1.459 - 1.472)

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 10: Stability and reactivity	<u> </u>
SECTION 10: Stability and reactivity	
10.1.         Reactivity           Flammable liquid and vapor.	
10.2. Chemical stability No additional information available	
10.3. Possibility of hazardous reactions	
No additional information available	
10.4. Conditions to avoid	
Avoid contact with hot surfaces. Heat. No flames,	no sparks. Eliminate all sources of ignition.
10.5. Incompatible materials	
No additional information available	
10.6. Hazardous decomposition products	
No additional information available	
SECTION 11: Toxicological information	on
11.1. Information on toxicological effects	
Acute toxicity (oral)	: Not classified
Acute toxicity (dermal)	: Not classified
Acute toxicity (inhalation)	: Not classified
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: May cause an allergic skin reaction.
Germ cell mutagenicity	: Not classified : Not classified
Carcinogenicity	
Reproductive toxicity	: Suspected of damaging fertility or the unborn child.
STOT-single exposure	: Not classified
STOT-repeated exposure	: Not classified
Aspiration hazard	: May be fatal if swallowed and enters airways.
Viscosity, kinematic	: No data available
Symptoms/effects after inhalation	: Although no appropriate human or animal health effects data are known to exist, this material is expected to be an inhalation hazard.
Symptoms/effects after skin contact	: Irritation. May cause an allergic skin reaction.
Symptoms/effects after eye contact	: Eye irritation.
Symptoms/effects after ingestion	: Risk of lung edema.
SECTION 12: Ecological information	
12.1. Toxicity	
Ecology - general	: The product is not considered harmful to aquatic organisms or to cause long-term adverse effects in the environment.
12.2. Persistence and degradability	
No additional information available	
12.3. Bioaccumulative potential	
No additional information available	
12.4. Mobility in soil	
No additional information available	
12.5. Other adverse effects	
No additional information available	

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

<b>SECTION 13: Disposal consideratio</b>	ns
13.1. Disposal methods	
Regional waste regulation	: Disposal must be done according to official regulations.
Waste treatment methods	: Dispose of contents/container in accordance with licensed collector's sorting instructions.
Sewage disposal recommendations	: Disposal must be done according to official regulations.
Product/Packaging disposal recommendations	: Disposal must be done according to official regulations.
Additional information	: Flammable vapors may accumulate in the container. Do not re-use empty containers.
