| GHS07 | |

- : Warning
- Combustible liquid May cause an allergic skin reaction
- Causes serious eye irritation : Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Avoid breathing dust/fume/gas/mist/vapors/sprav. Wash hands, forearms and face thoroughly after handling. Contaminated work clothing must not be allowed out of the workplace. Wear protective gloves/protective clothing/eye protection/face protection. If on skin: Wash with plenty of water. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Specific treatment (see supplemental first aid instruction on this label). If skin irritation or rash occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Wash contaminated clothing before reuse. In case of fire: Use media other than water to extinguish. Store in a well-ventilated place. Keep cool. Dispose of contents/container to hazardous or special waste collection point, in accordance with local, regional, national and/or international regulation.

Safety Data Sheet

| according to Federal Register / Vol. 77, No. 58 / Monda | y, March 26, 2012 / Rules and Regulations | |
|---|--|--|
| 6.1.2. For emergency responders | | |
| Protective equipment | : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". | |
| Emergency procedures | : Evacuate unnecessary personnel. Stop leak if safe to do so. | |
| 6.2. Environmental precautions | | |
| Avoid release to the environment. | | |
| 6.3. Methods and material for containm | nent and cleaning up | |
| For containment | : Absorb spilled material with sand or earth. Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams. Stop leak, if possible without risk. | |
| Methods for cleaning up | : Take up liquid spill into absorbent material. Notify authorities if product enters sewers or public waters. | |
| Other information | : Dispose of materials or solid residues at an authorized site. | |
| 6.4. Reference to other sections | | |
| For further information refer to section 13. | | |
| SECTION 7: Handling and storage | | |
| 7.1. Precautions for safe handling | | |
| Additional hazards when processed | : Not expected to present a significant hazard under anticipated conditions of normal use. | |
| Precautions for safe handling | Ensure good ventilation of the work station. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wear personal protective equipment. Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapors/spray. | |
| Hygiene measures | : Contaminated work clothing should not be allowed out of the workplace. Wash contaminated clothing before reuse. Do not eat, drink or smoke when using this product. Always wash hands after handling the product. | |
| 7.2. Conditions for safe storage, includ | ling any incompatibilities | |
| Technical measures | : Keep in a cool, well-ventilated place away from heat. | |
| Storage conditions | : Store in a well-ventilated place. Keep cool. | |
| Packaging materials | : Store always product in container of same material as original container. | |
| SECTION & Experime controls/nor | a anal protoction | |
| SECTION 8: Exposure controls/pers | | |
| 8.1. Control parameters | | |
| | | |
| CLOVE OIL (8000-34-8) No additional information available | | |
| | | |
| 8.2. Appropriate engineering controls | | |
| Appropriate engineering controls | : Ensure good ventilation of the work station. | |
| Environmental exposure controls | : Avoid release to the environment. | |
| 8.3. Individual protection measures/Personal protective equipment | | |
| Personal protective equipment: | | |
| Wear recommended personal protective equipr | nent | |
| | nont. | |
| Hand protection: | | |

Protective gloves

Eye protection:

Safety glasses

Skin and body protection:

Wear suitable protective clothing

Respiratory protection:

In case of insufficient ventilation, wear suitable respiratory equipment

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 9: Physical and chemical properties Information on basic physical and chemical properties 9.1. Physical state : Liquid : YELLOW TO AMBER LIQUID Color Odor : SWEET, SPICY, CLOVE Odor threshold : No data available : No data available pН : Not applicable Melting point Freezing point No data available : No data available Boiling point Flash point · 87 8 °C Relative evaporation rate (butyl acetate=1) : No data available : Not applicable. Flammability Vapor pressure : No data available Relative vapor density at 20°C : No data available Relative density 1.05(1.04 - 1.07): Insoluble. Solubility Partition coefficient n-octanol/water (Log Pow) : No data available Auto-ignition temperature : No data available Decomposition temperature : No data available Viscosity, kinematic : No data available Viscosity, dynamic : No data available **Explosion** limits : No data available Explosive properties : No data available Oxidizing properties : No data available 9.2. **Other information** VOC content : 3.7 % Refractive index : 1.535 (1.525 - 1.545)

SECTION 10: Stability and reactivity

10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

10.2. Chemical stability

Stable under normal conditions.

10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

10.4. Conditions to avoid

None under recommended storage and handling conditions (see section 7). Avoid contact with hot surfaces. Heat. No flames, no sparks. Eliminate all sources of ignition.

10.5. Incompatible materials

No additional information available

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.
