## IFRA STANDARDS CONFORMITY CERTIFICATE

Fragrance compound

Category 12

100 %

Products not intended for direct skin contact, minimal or insignificant transfer to skin

*\*Actual use level or maximum use level*

To continually improve the accuracy of the above information, Lebermuth has in place a program of review for all relevant fragrance ingredients. The information contained herein is to the best of our knowledge and understanding of the product on the following date, based on current supplier information and is subject to change as new supplier information is provided. Some suppliers are still analyzing and collecting information for their raw materials pertaining to the 51st Amendment and may provide further updates. It is your responsibility to ensure that the usage of the fragrance ingredients and the levels of such usage are permitted at all times according to the relevant laws and regulations.

For other kinds of application or use at higher concentration levels, a new evaluation may be needed; please contact: The Lebermuth Company [info@lebermuth.com](mailto:info@lebermuth.com)

The IFRA Standards are based on safety assessments by the Panel of Experts of the RESEARCH INSTITUTE FOR FRAGRANCE MATERIALS (RIFM).
